PHOTOPLAY

THE WAR MAKERS ..... VITAGRAPH  
2 reel feature with MAURICE COSTELLO

HIS LAST FIGHT ..... VITAGRAPH

This is some picture, so don't miss it.

FOURTH REEL TO BE SELECTED

## Sherlock Holmes, Jr., Will Give Every One a Chance

### He Will Visit Some of the Leading Business Houses Daily While He is in the City.

Sherlock Holmes, Jr., is going to visit some of the leading business houses daily. Also he will meet some leading business men and have a good time generally and give you numerous chances to get a line on him so that when the bride comes off you will have no trouble in locating the right man.

#### Not Yet But Soon.

Just when you can take a flyer for that \$25 you will be told through these columns. Sherlock Holmes, Jr., will keep himself busy pulling off a few stunts to interest you, when he arrives, and the exact time when the bride comes off will be duly announced. After that is done of course Mr. Holmes will have his hands full and it goes without saying that you will also have your hands full to nab him. But whenever you do, you will receive the \$25 cash for your trouble.

The Sherlock Holmes, Jr., fever is infectious and everybody feels it here, the gentleman leaves the city, the great majority of whom enter into the spirit of the fun.

#### Is It Easy?

Several people have asked the question if it is an easy job to round up Mr. Holmes. It is equally as easy as picking blackberries off a huckleberry bush, and you will think so before the proposition is ended. Mr. Holmes has

traveled far, operating in all over the country and he will demonstrate to your satisfaction that he is a past master of the art of deception.

In Memphis, Tenn., Mr. Holmes was billed to appear at the Grand theater if he was not caught by a certain night. He appeared as advertised and upon leaving the theater to go into a waiting automobile it required four policemen to make room for him. This was not an exceptional experience at all but one of the many which goes to show the interest displayed in many cities he has visited.

It might be possible to go into detail and tell you some more of the things that this Man of Mystery proposes to do while in Anderson, but that is exactly what he does not wish done and consequently you must content yourself until Mr. Holmes tells you himself, as he will do every day when he arrives and starts to writing his own stories.

#### Employes Barred.

All employes of this paper are barred from participating in this contest. In fact no one connected in any way, directly or indirectly, with this paper, will be allowed to capture Sherlock Holmes. Don't fail to read the paper Sunday, as it is possible that Sherlock Holmes, Jr., will then write his first story.

## Stick To The Flag

Take courage, men of Anderson. This is no time for deserting the flag.

The night is dark, but the golden flood of sunshine will part the sable curtain of debt, and there will be a happy Tomorrow.

Anderson county is in fine condition. The barns are full of grain; the barn-yards are full of live-stock.

The cotton crop is short, the price is likewise short, a double disadvantage. But it all means but a temporary setback. By taking advantage of the opportunity, some loss may be turned into a gain on another day.

The banks are willing to carry for another year 69 per cent of the paper in their vaults. Surely with 60,000 bales of cotton, worth at least \$2,100,000 and \$400,000 worth of seed, at the very lowest estimates, surely out of these assets enough ready money may be obtained to keep things moving, and yet save enough of the crop to bring rich returns upon the reflex in prices which is sure to follow.

Stagnation is ruin. Circulation is life.

Let some steps be taken to keep things moving. We see no cause for despondency, although the present is gloomy.

Cheerfulness and hope will win the battle.

Let some steps be taken to keep things moving. We see no cause for despondency, although the present is gloomy. Cheerfulness and hope will win the battle.

\*\*\*\*\*

### ELECTRIC CITY SPARKLETS

\*\*\*\*\*

Items of Interest and Personal Mention Caught Over the Wireless on the Streets of Anderson

\*\*\*\*\*

#### Let Some of Them Try It.

A reader of the Intelligencer yesterday stopped a reporter on the street and asked, "Say, how much money will you fellows make as a result of the European war?" The question was really too laughable to deserve a reply but as a matter of fact, almost every newspaper reader should realize that the newspapers of the United States will make nothing out of the war. When the reader remembers that high-salaried war correspondents have to be paid, that cable tolls alone total a gigantic sum, and that even the extra white paper used for printing in the United States will spell a small fortune, they will be able to more readily understand why every newspaper man in the country, if he has his say, would unhesitatingly vote against a war of any kind. There is no money for the newspapers in a war of any kind.

#### Local Postoffice Receipts Increase

Inquiry at the Anderson postoffice yesterday revealed the fact that the receipts of the local postoffice are steadily increasing and that the postmaster is very well, indeed, pleased with Anderson's evidences of growth. It was understood that the receipts for August, 1914, were about \$170 larger than they were for the same month in 1913. This is said to be very satisfactory, although the increase in receipts for July, 1914, were over \$500 more than those for July, 1913.

#### Left Yesterday For Panama Trip.

Wilkes Webb, who has been spending several weeks in Anderson with his father, C. W. Webb, left yesterday for Panama. He is connected with the government force at that point and has been there for some time. On the return trip he was accompanied by his sister, Miss Isabelle Webb, who will visit Lucien Webb in Panama.

#### County Board Had Postponed Meeting.

Owing to the fact that Tuesday is election day, the regular meeting of the county board of commissioners will not be held. These meetings always take place on the first Tuesday in each month but on this occasion it will be postponed until Wednesday, following election day. The only matter of any importance to come before this meeting of the body, so far as is now known, will be the election of a janitor for the court house. Since W. A. Clemp resigned to take a position on the police force, there have been about 50 applicants for the job and they came from all sections of the county. It is a foregone conclusion that there will be about 40 disappointed men in Anderson on Thursday morning.

#### Had a Grade Against Cars.

As two young men of the city drove around the corner of Towers street into Whittier street last night about 10:30 o'clock, the machine in which they were riding struck a street car and today as the result a Ford touring car is minus a perfectly good wheel. Fortunately neither of the young men suffered any injury and but little damage was done, either to the automobile or to the street car. The River street car was going into the car barns when the machine turned the corner and in trying to avoid the curb they struck the car. The fault could hardly be placed with either the car or the driver of the automobile, but rather with the fact that Whittier street at that particular point is very narrow.

#### Adopted The Best Method.

While Anderson people were naturally interested in the plan to secure moving pictures of the city for the Panama Exposition, nevertheless many of them would have forgotten the time set for the people to collect on the square had it not been for the plan pursued by those in charge of the arrangements for the picture. They knew that the fire alarm would bring many out and then when the automobile truck, with its siren screech passed up the street, every man, woman and child within hearing distance lit out for the square. As a result the crowd on the square was almost representative of the scene here on a busy day.

#### New Cafe Doing Business.

The new cafe which Victor B. Cheshire has opened on East Market street in his new building, is attracting considerable patronage and the people taking their meals there say that they are well pleased. Mr. Cheshire opened the place a few days ago and he says that the business for the opening days has exceeded his expectations and he thinks that it will increase every day. Mr. Cheshire is conducting an up-to-date place and serving splendid meals. He will also conduct a grocery business.

#### Band To Have A Jolly Picnic.

The Intelligencer has been requested to announce that the Jolly Band will hold a picnic tomorrow at Earle's. The band has made every possible preparation for making this event a success and they say that they are anticipating a good crowd. The Jolly band is to furnish the music for the occasion and this is sufficient to insure a large attendance because there is no more popular band in the county than this one.

#### New Physician Has Arrived.

Dr. and Mrs. Algood arrived in Anderson yesterday and will make their home in the city. Dr. Algood is a physician and will practice his profession here. He has secured offices in the Watson-Vandivler building and was engaged yesterday in getting his apparatus in place. The new physician was originally from Pickens, but after his graduation from the medical department of the University of Maryland, he served in the hospital, later was in the service of the Atlantic Coast Line railway as surgeon and recently has been making his home in Ridgeway. He is a young man of pleasing address and has made many friends in Anderson.

#### "Our George" Is Delivering Goods.

Maybe Anderson can't boast of many big league ball players, but the few originating in this city have certainly been delivering the goods of late. George McConnell, easily as good a pitcher as ever wore a shoe plate, worked for Buffalo in the International league against Newark last Thursday afternoon and won his game by a score of 4 to 3. The frolic lasted for 16 innings and during that time George yielded only 9 hits. The Buffalo team erred twice behind him, which probably accounts for at least one of Newark's three runs. All of which goes to show that the very best is made right here in Anderson.

#### Expect Issue To Be Winner.

F. M. Burnett, secretary of the Anderson Y. M. C. A. and editor of the "Comian" said yesterday that the next issue of the publication will come from the presses within a few days and that it will be "a winner." The mill people of the city were much disappointed because the publication did not get out on September 1, the regular date, but this was impossible owing to the great amount of reading matter being carried this month. The "educational number" is the way that Mr. Burnett styles the September publication and he says that the mill people of the city will be agreeably surprised when they see it.

#### Labor Day To Be Observed.

Monday, September 7, is known as Labor Day and is a legal holiday throughout the United States. The banks of Anderson will be closed for the day and the postoffice will also take a holiday, but aside from these institutions, the day will be marked by no change in Anderson. So far as is known there is no celebration to take place here. This is the day for the Fall term of the court of general sessions to convene in Anderson and it is hardly likely that Labor day, holiday or otherwise, will cause day to be postponed.

#### Several Features Drew the Crowd.

People attending the shows at the Bijou yesterday were delighted with the vaudeville offerings they saw there. The company which has been playing at the Bijou during the past week is one of the cleanest and best that the people of Anderson have yet seen and when they introduced several features, yesterday, they were heartily applauded. Several of those with the company now playing at the Bijou are quite a bit above the ordinary from a vaudeville standpoint and they are probably destined to something better.

#### Anderson Man On Wedding Trip.

Theo Jones, manager of the Anderson store of the United States Woolen Mills company, was married a few days ago in Greenville to Miss Ruth Garvin. The ceremony took place at the home of the bride and only a few friends and relatives were present. Mr. and Mrs. Jones have gone to Hendersonville, N. C., and Knoxville, Tenn., on their wedding trip and will be gone for about two weeks. They will make their home in Anderson.

#### Milliner Has Reached the City.

Miss Idelle Meyer arrived in Anderson last night from Baltimore to assume her duties as head milliner with the well known firm of D. Geisberg. Although Miss Meyer has never been in this city before, she had made a splendid impression upon Anderson people and already she has a number of friends. She comes here with the highest recommendations and the proprietor of this popular store says that the establishment is well leased with securing Miss Meyer.

#### Rev. J. W. Speake Returns to City.

Rev. J. W. Speake and family, who have been enjoying a visit to Mr. Speake's old home in Newberry county returned to the city yesterday. Mr. Speake has been engaged in several meetings and has enjoyed the rest and the change. He will again fill the pulpit of St. John's Methodist church next Sunday and he will receive a hearty welcome from the congregation of that well known church.

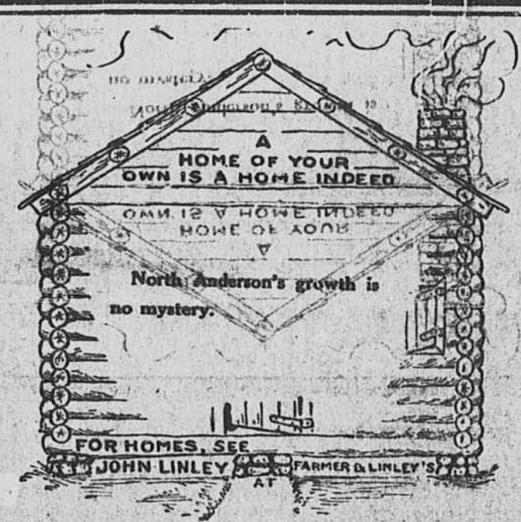

## Better Prepared Than Ever

to serve you in the shoe line. For this fall we will show the fashions' newest creations and the prices are right, too.

Never before have we had such an up-to-date line of footwear to offer our trade, every pair we sell fitted by men of experience.

### GEISBERG BROS. SHOE CO.

UNDER MASONIC TEMPLE—SHOES THAT SATISFY

It's a plain case of cause and effect. Everything possible has been done to make North Anderson an attractive place to live. The effect is that North Anderson holds, we believe, the building record for the state in residence development.

## ASQUITH ASKS FOR INCREASE

### Would Have English Land Force Increased and Asks That All Britons of Age Enlist

London, Sept. 4.—Premier Asquith today made the first of a series of appeals for an increase of the British land forces. At a meeting at Guild Hall he described the empire as involved in a bloody arbitration of might versus right and urged every able-bodied Briton of military age to join the colors.

The navy, the premier indicated, already was doing its part. It had sealed up the fleet of Germany, he said, and was thirsty for a trial of her strength in the open.

British warships, Mr. Asquith said had hunted the German merchant marine from the high seas and when the few German cruisers which still infested the distant ocean had been disposed of, as they would very soon be, the navy would have achieved for the British and neutral commerce a security as complete as it ever had enjoyed in the days of unbroken peace.

## SHARP FIGHTING REPORTED

### Railway Destroyed, Six German Uhlans Killed by Patrol of Genardines.

(By Associated Press)  
London, Sept. 4.—A dispatch to Reuters Telegram company from Ostend, timed 7:45 this evening, says: "At this moment, fighting is proceeding in the district between Alost and Termonde, Belgium. The railway near Alost has been blown up. "Travelers from Brussels were obliged to pass through Ninove and Alost, and then to return south to Denderleeuw, whence the, proceeded by the way of Gattegem and Ghent to Ostend. "At Ninove six German Uhlans who were patrolling the country encountered a patrol of gendarmes and were killed."

## PALMETTO THEATRE TODAY'S PROGRAM

Another funny Snakeville Comedy.  
A BIT OF HUMAN DRIFTWOOD ..... Vitagraph  
2 Reel Special  
Coming next week a dandy company of NINE People.

## THE COOLEST PLACE IN ANDERSON

### This Year Will Break Old Record.

Magistrate Broadwell said yesterday that since January 1 of this year, 325 criminal cases have been tried in his court. Several more are on the dock for September, which have not yet been counted in the total. He says that the indications are that he will try more cases during 1914 than he did in 1913. Last year there were only 276 cases tried during the entire year from January 1 to January 1. According to Mr. Broadwell's report for the month of August, cash fines received during that month amounted to only \$114.

### WHEAT MARKET STRONG

Clearances for Week in New York the Heaviest on Record.  
New York, Sept. 4.—The cash wheat market in New York was extremely strong up to 8 cents a bushel on heavy export sales, amounting to 1,340,000 bushels. A similar quotation of export oats was also recorded. This week, according to Bradstreet's were the heaviest on record.

### Orangeburg, 2,222 Majority.

Editor The Intelligencer: Senator Smith carried Orangeburg county by a majority of 1,663 in the first primary vote there. Orangeburg has more than in any other county in the state. Trenching together the vote of the administration candidates for governor and of the "ants" we find the result to be: Anti-Blease candidates ..... 2,222 Blease candidates ..... 1,663 A majority of 1,667. If the second primary polls the full strength of 40,000 first, and I see no reason why it shouldn't, because the people seem just as determined as they were ten days ago. Then I confidently expect Mr. Manning to sweep the county with a majority around 3,000. There will be very few deviations or defections from the vote of August 29th. Depend upon the country people to stand by their fellow farmer, Richard I. Manning, and always to advocate good government. CLYDE B. DAVIS, Nesson, Orangeburg County, Sept. 3.
